To: [REDACTED]

Cc: stops@magfest.org

Josiah,

This email is a formal notification of your removal as Division Head of Staff Services and as a Department Head of STOPS. Because of the active SAFE case and the prior noted violation of the Code of Conduct, we are suspending you as a volunteer pending the ruling to be determined by the Safe subcommittee. You will receive an additional email that will lay out your ability to attend all MAGFest events and the potential time length of your volunteer ban once the pending Safe case concludes. If the SAFE subcommittee comes back with no recommended actions you will be reinstated as a volunteer staffer (though not as a Div Head or as a STOPS DH) as long as no further violations occur between now and then. If SAFE does recommend a ban we hope to welcome you back once that concludes. let us know if you have any questions.

--

Paul Birtel

Executive Director
